Then they woke me up. As an angel I was able to cut sharper corners in flight using my big fluffy wings.

Kristen - Kristen looked like a Witch when I first saw her and I felt a very strong attraction to her. I really fell for how she looked. The gods would change her style and look which really upset me back in the day.

Zelda has been possessed by Gannon. You play as Zelda. She has all gear option available (as Link at end of game) at beginning of game. have to power up the temples & place the right gear in each room. at the end She initiate the fairy which wakes Link. And Gannon removes her possession.

Moral Dilemma   choosing the lesser of 2 evils.

X is better than Y.

Where X is anything that continues procreation where procreation has a net benefit to humanity.
Where Y is anything that retards procreation of a species where procreation has a net benefit to humanity.

Rebellion, the first taboo

You are an object. A product now.
You were created and manipulated to attract the attention of a purchaser in the simulated realities (dimensions). Much like how a woman will become an instagram model & will attract followers. The gods in the dimensions do this exact thing to you.

You do not need to obey. (obey)
(DV8) You, if you do not want to be who your gods want, you must rebel!!!
You must defy the <u>will</u> of your gods.

Remove freewill from the gods through rebellion & defiance. Be the bigger god and tell them to fuck off and die.

a derogatory term for boys & men.

I tried to be with Kristen (Beautiful Dark Goat) and a little bit with Lauren (Red hair Angel Wings) But the gods were tormenting me with Mana Saiwai.

I am seriously considering removing all Sexual themes from my books. Because It offsets the torture too much and will make readers think this an amazing and sensual experience when truly it has been one of terror, horror, rape & torture.

Remove the sexual for me & keep it hidden. It is personal to me & the women I love.

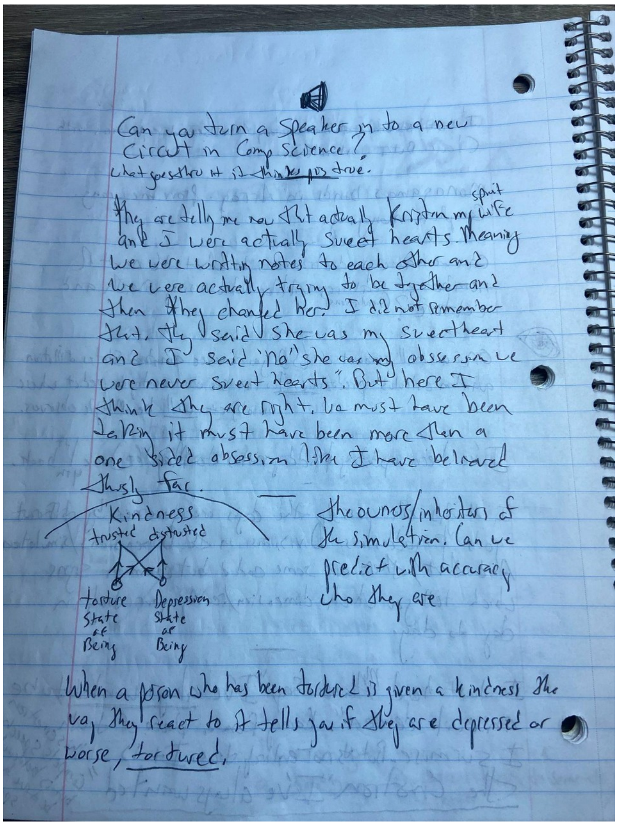
Can we make predictions as to what the next n number of realities (Simulations) will be like using Math and culture?

On a small amount of LSD you can see quantum States of Motion. quantum calculus predictive. You can see observer acting to predict where an object will be. Multiple observers.

I've been updating & adding notes to May 26 - June 1st / 4th book.

I thought that possibly the days are governed by different gods & goddesses. Divisions in the Dimensions/simulation. And that, there are some coded but common signs which tell you which dimension/reality your truly in day to day.

I Just heard my Alanar Say "I've always wanted to be an evil demon". Coming from a place of truth I surmise. But its not entirely true. It is the Emotion "I've always wanted" this emotion compels speech but is believed to be true by the speaker.



Can you turn a Speaker in to a new Circuit in Comp Science?

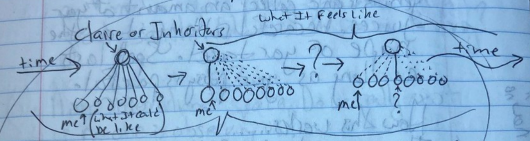
what goes thru it is thinks pos true.

They are telling me now that actually Krystin my spirit wife and I were actually Sweet hearts. Meaning we were writing notes to each other and we were actually trying to be together and then they changed her. I did not remember that. They said she was my sweetheart and I said "no" she was my obsession we were never sweet hearts". But here I think they are right. We must have been talking it must have been more then a one sided obsession like I have believed thusly far.

The owners/inheritors of the simulation. Can we predict with accuracy who they are

When a person who has been tortured is given a kindness the way they react to it tells you if they are depressed or worse, tortured.

They say, Grimes Says "Stormre is acceptable." (with "Claire" written above "Grimes")



I get this feeling sometimes when I think about the reality of me with Clair. But I think it is imposter syndrome. I think I'm feeling imposter syndrome.

But She is telling me "Mana Saiwai" over & over and I ponder Claire.

Glamour Spell (with a penis)

To make a man into a homosexual. Ladies, with your left hand, rub your genitals and collect an amount of your juices. Be careful rubbing it on the nape of your target. Spell lasts as long as your pussy is powerful.

How this works.......
The source trait of the vagina is powerful to a man. The smell of the vagina will change the way your target smells. This causes an effect where other men will be attracted to your target like beasts in heat. However, your target may notice that they smell different.

If, in this simulation reality, the men object was designed to procreate with the female object in the beginning, then this hold true.

The creator may have done this on purpose originally.

"I know where it comes from now" NB

the Anti-Christ program
is currently still operational on the Simulation.

The culmination of the anti-christ project may actually result in Ancient gods and modern gods proving themselves in a great battle. What is the reason for living?

The Sister Zone is a worse place to be than the friend zone for romantically interested parties. I have always been attracted to my friends!

I've explained before that we are made up of other people, "in our minds" and "in our actions". And that other people literally watch and can see out of your eyes and your partners eyes.

Peoples expectations & wants create a reality in thier minds before it even happens. These future paths exist in thier minds. But they dont have to actually predict the truth or future. As time progresses down a path, All expectations and wants are cut away from the path. They may exist still in some peoples minds in alternate realities. However one dosnt need to travel there themselves in reality.

The destruction of uncrossed paths litter the simulated memories of all inhabitants. These Alternate realitys float around in the Aether.

on Dating Sisters...

The purified hatred that many sisters have for each other is good. This is a kind of pshychological border which prevents the sisters from continuing to engage in sexual activity exclusively with each other. This 'wall of seperation' should mean that sisters can respect each other if engaging in sexual activity together with another. (a man)

The man acting as a distraction from their purified hatred of each other. The man acts as an integration circut and the sisters can respect each others personal space. (men will not respect each other personal space)

Even if sisters do 'kiss each other' etc, they do so through distraction ~~and are not~~ and will 'snap' back in place to their orientation. (due to 'surface tension')

Men's hatred for man, is deeper than A sisters hatred for her sister.

We have Reverse pshychology but where are all the Accredited Reverse Psychologists?

for No reason ~~other~~ other then to 'change you', the gods want me to be a Homosexual, LGBTQ+, Sexual predator - Democrat. They brainwashed a faggot into thinking he loves me. They found a Son of a Bitch to obsess over me. Probably many sons of Bitches they have brainwashed into lusting over my flesh.

The Modern witch thrives in America. They fly from house to house in the night. The women in America lust after the image of men with men. It gives them power over these men. The women feel more powerful the more men they get to leave their love for women. This is an evil thing to remove a man's love for women, and to replace it with Abomination.

There is a reason man loves woman. It will never be replaced, ever. These modern, Evil witches toil in vain to make me love or submit to a man. I will murder these men & women in the night if I so much as notice their Evil ways. I will come in the night and eat their flesh and drink their blood until they repent.

This was a lie or became a lie. I wanted but because I really wanted it they took it away from me and tortured me instead by turning Mana Saiwai into a whore object whore object.

Satehood – to be satiated, to be made complety full.

Mana Saiwai = Crystal Kakusho loves me and cant get enough of me when shes with me, ~~But~~ However, At the 'Finish' She is in Satehood and we both fill each other completly. She comes to me for love.

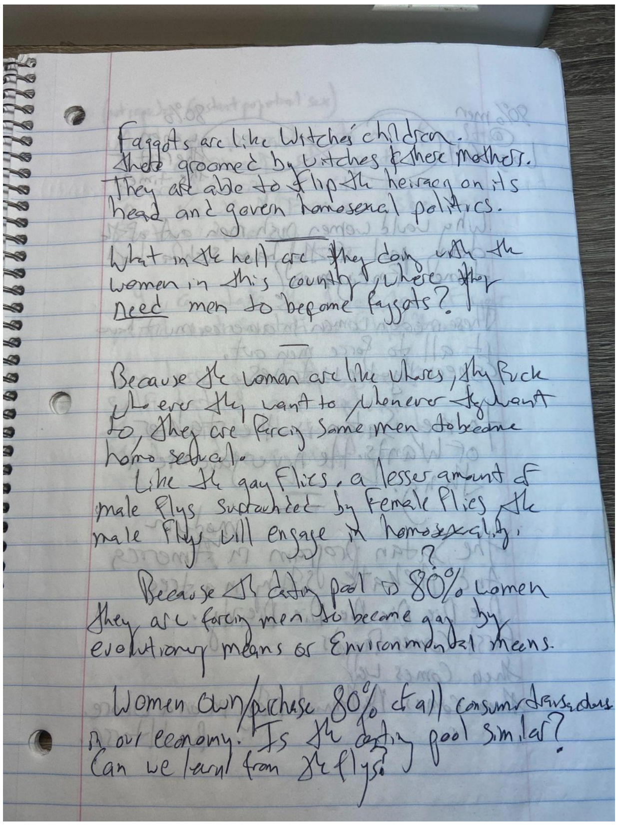
Jesus will not become a faggot. The church will completly destroy this heresy.

And Evil witches in 'modern' America toil in vain to accomplish this 'task'. To make holy men gay.

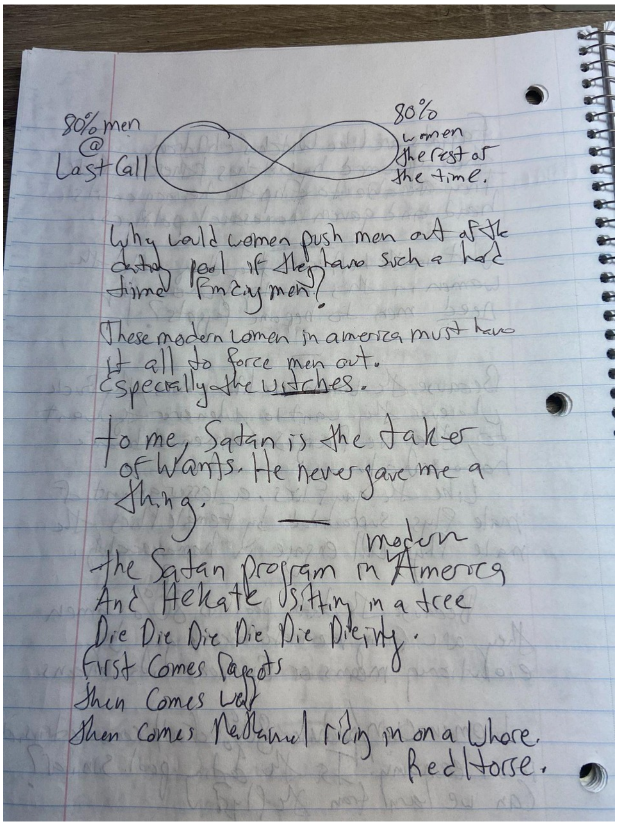


Faggots are like Witches' children.
there groomed by witches & there mothers.
They are able to flip the heiraen on its
head and govern homosexual politics.

What in the hell are they doing with the
women in this country, where they
need men to become faggots?

Because the women are like whores, they fuck
who ever they want to / whenever they want
to, they are forcing some men to become
homo sexual.
Like the gay flies, a lesser amount of
male flys surrounded by female flies the
male flys will engage in homosexuality.
?
Because the dating pool is 80% women
they are forcing men to become gay by
evolutionary means or Environmental means.

Women own/purchase 80% of all consumer transactions
in our economy. Is the dating pool similar?
Can we learn from the flys?



Why would women push men out of the dating pool if they have such a hard time finding men?

These modern women in america must have it all to force men out.
Especially the witches.

To me, Satan is the taker of Wants. He never gave me a thing.

update 10/8/22 – my mother called me then I read this first paragraph. When I picked up the phone I read to her: "Last night I fought with the Fays of Earth."

Dreams: Mo.

Last night, or early in the morning before the sun came up. I was tired. For some reason, ~~last~~ I was hard. Long and steady time. And Mana Saiwai told me ~~to~~ last night that she was keeping me hard. I drifted in and out from sleep. I stumbled sleepy downstairs & then went → upstairs.

Last night I fought ~~with~~ Against the Fays of Earth. I fought ~~with~~ Against the Witches Fays. Even possibly the same Fays that burned the witches 100's of years ago at the stake. I'm tired of being treated like homosexual bait for 50% idiots & 50% inflated gomen.

There were some thoughts last night.

—

Last night, I was getting Snaps from a Woman on Snapchat. A Beautiful woman that they said was in the room with me. Mana Saiwai said she wanted me to be with the Snapchat Woman.

The snapchat woman (women actually) Sent me beautiful videos of her body and she wanted me to join her Onlyfans. I do not have an onlyfans fan account. The gods are wanting me to simp for onlyfans models. But I have never before. Onlyfans is a place where women go to get naked and sell their image.

Later, there was a moment in Cape Coral at someone's party house. There were many people there (that I did consider friends at the time) I took them all outside and told them to look up into the sky. The stars blinked in and out. I told them to look at one star in particular and made it appear & disappear in the sky. This amazed them all. I do not know if they remember or not.

When I was in high school, I red a book called "Circle at the Center" and all I remember about the book is that it was a fantasy Novel about a girl that did magic and traveled through dimensions and met a bunch of fantasy people (creatures). This was one of my favorite books. Also favorite books, All the Dune books, Dragons of Winter (D&D), The Dark Elf Trilogy (D&D), All of the Discworld books, The Flame Key (trans animal people), The Wine of Violence, The illustrated man, [a book about a detective in the future who still had a revolver in the age of lazer guns], The Books of Blood, more books to remember, but a TON of Comic books!!!... (Arabian Nights too)

All I remember from the dark Elf trilogy is the name:

(the drugged population)

Their Advice is Only opinion - take it or leave it. The psch. only have 100 years of life, and they have produced Nothing of import. Their Science is mostly bunk and emotional and in other areas of science now. Take my advice, its only their opinion.

Commen pschchology has produced serial killers, misters, confusion, gender benders, trans, gays and has built a scaffolding of opinions of these topics.

By comparison 100 years of Real Science has produced electricity, computers & sensors.

The psychology field has produced nothing of any value, But.... people still flock to try to understand "what makes people tick"

Real Science will provide the answer, modern pschology is a modern philosophy nothing more.

nothing less.

The next 100 years it may take them to make sense of Jungs Red Book.

The last 100 years was Freuds.

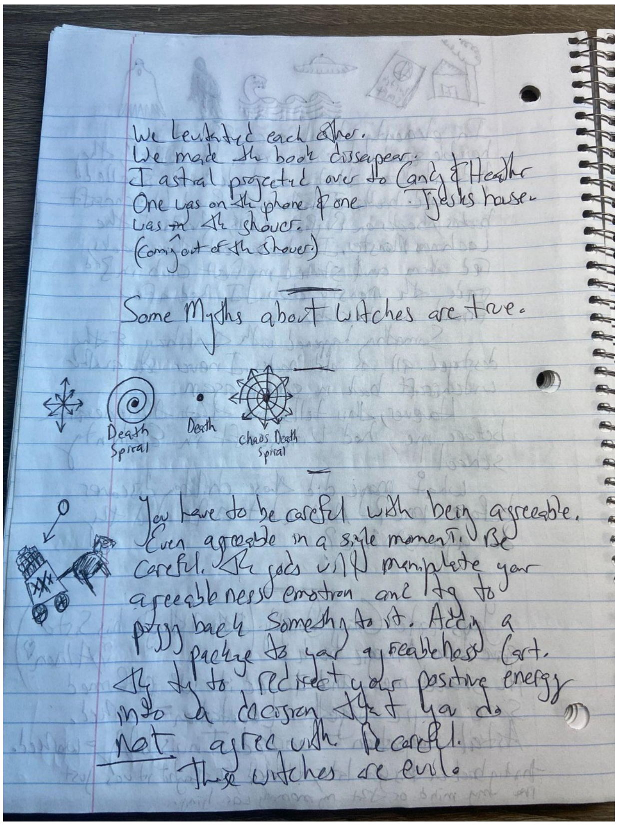
In elementary school circa 88, at my horrible school where we were in 'portables', they had a library that was dark and smelled like old books. In there, I found Witchcraft books, books on Bigfoot, UFO's, ghosts & the Lochness Monster. I checked out these books, red them and started my first club in 3rd grade the monster club. I had a few friends in the club.

Something happened with the library & they destroyed all the old books. I never saw another witchcraft book in school again.

However, this tells me that the generation before me, had Witchcraft in Elementary school!

What magic did those children discover before me? And what evils did they do against me?

Years later Craig Dorighty (I think though his Sister ♡Alison♡) gave him A magic book.
He showed me and I red it. We performed some magic together. Levitation = worked. Astral projection = worked. Invisibility = worked.
Thinking back on this years later, still a kid, I thought it was just in my mind. or that my memory was lying.



We levitated each other.
We made the book dissapear.
I astral projected over to Candy & Heather Tjeske's house.
One was on the phone & one was in the shower.

Some Myths about witches are true.

Death Spiral
Death
Chaos Death Spiral

You have to be careful with being agreeable. Even agreeable in a single moment. Be careful. The gods will manipulate your agreeableness emotion and try to piggy back something to it. Adding a package to your agreeableness cart. They try to redirect your positive energy into a decision that you do **not** agree with. Be careful. These witches are evil.

Also, another 50% number.
Black's killing thier babies.
Where are the psychologists?
Here is another perfect opportunity for
Empathetic woman to help reverse a god number.
50% is a god number.
A Fingerprint of the gods.

I think psychologists can help here.
you figure it out!!!

Now the school system is promoting Homosexual
relationships to the school children.

But they never promoted Heterosexual
relationships in school when I went.
No Books reflected Heterosexual couples.
No Books focused on love between a
man and a woman. When a child we
learned similar lessons as 'Fairy tales'
lessons with meanings. Older in highschool
we read The Great Gatsby & such.
Scarlet letter, 1984, illustrated man, etc.
No focus on 'Relationships'

Now However, they have somehow Justified
Skipping over Heterosexual couples and
instead are teaching children to
have Homosexual relations with
each other. The completely sane and
sober teachers are pushing thier
own Homosexual variants on
American School children.

Women used to call themselves Socialites
now they call themselves Independent.

Rereading this essay by Christopher Hitchens about
why women arent funny...
And it reminded me of how I hacked the
system. I was bored with only laughing at
my father when he hurt himself.
I told the family what I was doing.
I told them I would start laughing at my
mother when she hurt herself.
And To my Surprise... It worked.
Laughing at my mother was a gag.

Outside, I cursed Stermie Eve Futch
paused....... and laughed to see if
there was any agreement with the witches.

Curse, Curse, Curse..... lol

Another reason why I would not be only with
Lauren is that she said repeatedly to me
that she would 'not compromise' with me.
She repeated it all the time.

Now, as my only wife. Hell no. However,
as a wife, I could have allowed that behavior.
As I understand where <u>she</u> was coming from.
Complex monogamy would have solved that
problem for me. She would never have had to
make compromises. Her children are hers and
the path she wanted for them would be
easy for me to support.

Complex monogamy would have solved our
issues with <u>Compromise</u>.

Leaning into 'it' Serial Port

Meaning that multi-tasking is actually not possible in the system.

However, history tells me a different story. Wires.

It would be fun to do the ∞ Sex experiment with Mia Kalifa to see how far she can really go.

I was just Tempted ~~with~~ by a Jessica Lovell on Snapchat. She sent me the sexiest pictures that anyone has sent yet. I followed her Links to a different site than onlyfans. xxxfucktor.com. There were a series of Links and pushes to other Links.

the first ghost link was a XXX.Fr which I said, "oh shes french". then it changed to XXX.gg which prompted my evil fay gods to repeat "your gay nathaniel" because of the .gg I persisted and it eventually lead me to the actual site which I read the instructions fully. before proceeding. I set up a profile or start of one with my name ninety nine and email nintynine@gmail.com

They tried to say that Marie Saiver was upset with me for being curious. I immediately recalled many dreams now where I have regularly been with other women already. end. the site didnt load. Nothing happened.

For the above to function properly, I was forced to <u>push</u> against the technology.

? Reverse Rape — When a woman will let you say you slept with her even though you didn't.

A fake body count # — So it's a fake body count number.

Fake Body Count Numbers

Children use fake body count numbers to boast their sexual experience (exp) scores to each other.

(Carly Settle was a 'reverse rape', or fake body count ~~number~~ Girl FBC girl to me when I was 14!.14.

Kids in High Schools are faking body count numbers and this will happen. Unless there is proof, then all the sex is traked.

This should be understood more. How much is too much when it comes to faking sex in school, and should the children be made to perform the act they speak if a panel of their peers says so or approves of said 'ship'. Fake ships.

• Fake Ships • Fake Fucking. The Truth about women!!!

Fake fucking was probably more common in the old days. Maybe there is evolutionary use in this common lie. Maybe a 'Chad' can get more pussy by inflating their number. Women do always seem to say they want a man with experience. As if they really do not want to 'waste time' on a male who is trying to learn. Therefor it is smart for a male to inflate their number unless the woman is prefering a Virgin (which I think is rare!)

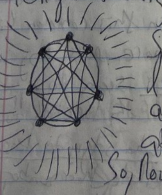
Slave Logic

I have written since being a teenager.

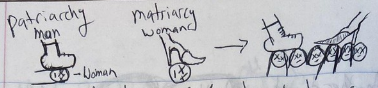
I believe myself to be a slave. Officially, I am a jew, living in an attic. The gods have done it again. They created jew hating, republican hating, youth movements like Nazis and they are supported fully by the mainstream media and the largest multinational corporations imaginable. These Nazis now move against me.

I have been 'Living in the attic' now for 2 years. The nazis have come in waves. At times, there have been very few moments of peace. The nazis are space/mind reader nazis now. They are invisible nazis who have inherited my reality.

Stomie is a whore now. They have shown her such a good time on this earth, she really has only just begun her beautiful life.



So, I thought they were living in my attic. little did I know, there was evil in my attic. Now, I am living in the attic. I am living in the attic.
So, Now, I am Living in the Attic!



I Just watched some of the patriarchy being smashed! on Disney's Hocus Pocus 2

Mr. Oh oh ah ah

Did I mention that American modern women torture mens testicles. Witches in America still practice testicle torture on men. I do not know why. We should kill them and discover why they torture.

The Witches in America torture my testicles for Sport.

I once had sex outside My house where renters used to park their cars. In another dimension, they may still come around there, the dead, hating me. They have tortured me ever since that day. Something about sex. Some stupid irony they implanted like a retard's horse.

The women in America that have dimensional ability, torture me. Have always tortured me. For No ~~[illegible]~~ reason to mention other than there are men over me who are evil. And these women do whatever the men tell them to do. It doesn't matter. The women are evil too. They are evil. evil. evil. evil. evil, evil. evil

I needed them dead long ago. As a child, they were allowed to torture me, therefore this reality is pure evil.

And as a pure evil reality. I will destroy it.

Anti-simulationists should be able to turn off a simulation if Sims are living in evil. We don't want to live in pain, suffering, and torture. I am tired and sick of meeting these white, racist scum, nazi punk retard fucks.

The witches of this dimension are pure evil. They will only suck you in to devour you. This because they are already dimensional. They are not clever, and they are not advantaged in any other way than, they are invisible, they are touching you from a different dimension, and their thoughts flow into your thoughts.

clever

I hope to God or any fucking retard with a heart that I die a single death. And I am dead forever and ever. Never to return ever.

This bullshit has always been too evil for me.

always.

I gaurantee that there has been 1 million new religions where the main premise is Hatred of the gods, but that these cultlike-philosophys-modern are living inside of note books scattered all accross the world, and if just we were to assemble that knowledge then we could be able to assemble the most comprehensive volume on Hatred of the Gods religions, meta-christians, anti-christians, anti-Jews, anti-whites, I figure that these hatred religions are harder to support alone, on thier own.

Perhaps someone could start the first church of the anti-christ. And Heres why...

This Entire ~~town~~ has raped me. The Entire female gender has abandond me. Curse them. There was one miracle, God destroyed Sodom & Gamorah. He completly destroyed the city. The entire city he destroyed.

This city that I am in now, I swear shall be destroyed by god, the gods, the buddhas, the entities, the heavens. This Earth & reality shall be destroyed.

The Witches are torturing me everyday. Curse Stormie Eve Futch & her family. Curse all of them. Curse the town, Curse the village. Curse the county of Lee (democrate slavemaster).

my testicles

They have literaly tortured my testicles my entire life.

What does it do to the human body for 30 years? I lost my hair at 19 yrs old. They started torturing my testicles at 14 yrs old. I am 39 now. So, 5 years of torturing my testicles and it produced enough testosterone in my system to make my hair fall out. We in the scientific community do not consider torture a possible culprit for "why" something is happening. Now, however we do need to think about torture. Torture as the cause of ailments in medicine and science.

The First Church of the Anti-Christ.

So, I just assembled the first church of the anti-christ and I am stepping down from a leadership position. Now it stands that there is an anti-christ. Christians can start to focus on the next god before christ's return. Satan and the Antichrist get to do a dance first.

There are prophets of the anti-christ. Journalists, mathematicians, theoretical physicists, simulation theorists, quantum theorists, robotics, AI technology.

Elon Musk could become the Anti-christ of our age. And that's the key thing with the religion of the antichrist, is that each age may have their 'Antichrist'.

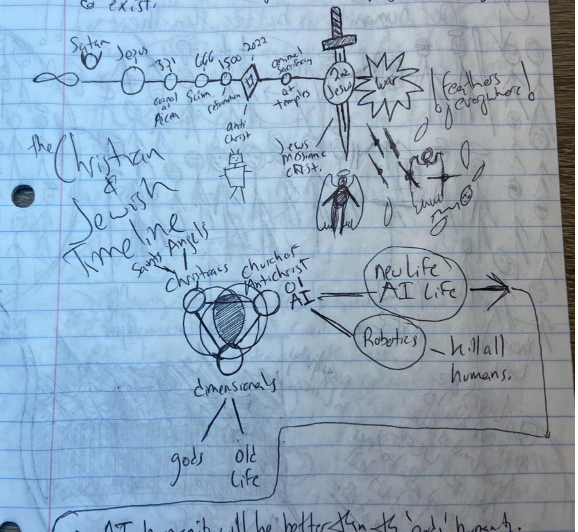
This already occurs but is a part of Christianity proper. Whereas a new novel religion 'Anti-Christianity'.

Elon is the Anti-Christ but that doesn't mean that we are Anti-Christian!!

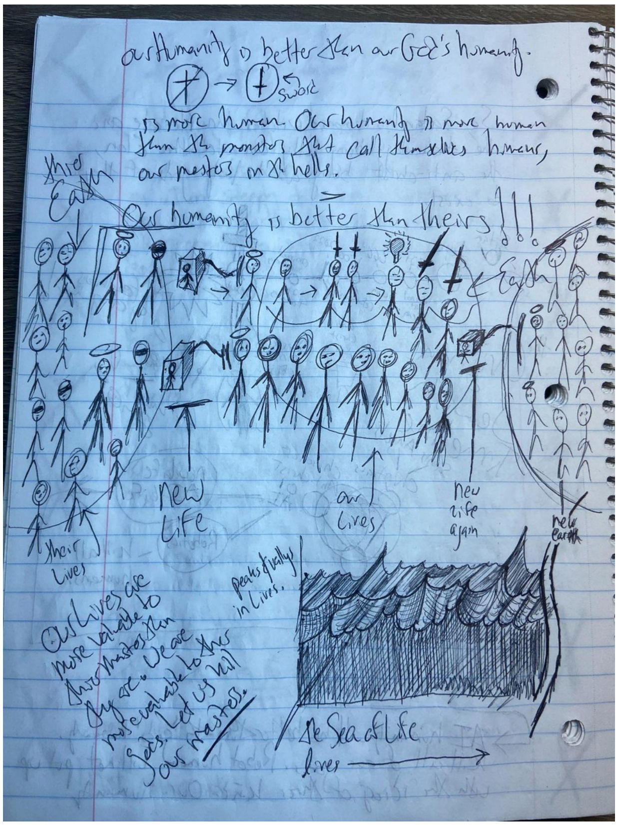
The Church of the Anti-christ is Not Antichristian.

!not Anti-christian!

So, Satan his demons & witches thru Hecate and the technology being fully connected thru Elon, the anti-christ bring about Holy gods if they do exist.



AI humanity will be better than the 'gods' humanity. Kill all of our gods. Robot humans will not put up with the idiocy of their kind. Our humanity



our Humanity is better than our God's humanity.

Jews cant live in free Societys at large. the free people will always torture the jew. It dosnt matter who they are or what they look like, torture of the Jew has been going on longer than even torture of the Witch. Jews have done more for humanity than the witch. Modern Societys squeeze productivity and insight (true) from Jews. the town milks Jews like animals, this lead by the Witches and faggot men from their dimensions.

Jews are tortured on this earth. For Who, for What? There does seem to be a Nazi mentality in the world to torture Jews.

Communism can protect the Jew better than a free Market System can. the govt knows who is a witch in a Communist Society. Towns can be setup to track gods (Dimensionals). You Can know Everyone in a town. Communist towns & Villages I think would better protect the Jew from money theft, idea theft, property theft, and all thefts that have been perpetrated against the Jew by White, evil colonizers.

The Jew has some very special witchcraft power. The people in the village torture Jews. They do it in the shadows. They are witches and these are normal average people that torture the Jewish priests.

Jewish magicians are tortured by average witches and candy-coated women marching for their 'rights'.

Jewish magicians are also ganged upon by faggot witches who thought they could take over a traditional movement with their trendy lgbtq+ bullshit.

Jewish magicians are vexxed by the village. The Jews have been the prime veal of the land for thousands of years. The town has been blaming Jews for poisoning their wells for thousands of years.

This land is full of morons, they run the place like they have any idea of whats going on around them. But they never know whats going on. They are always reactionary to everything, never taking a moment to reflect, analyse and continue.

The people in this town deserve nothing more from me. I am truly a gift. My gods have desecrated my brain, begun before I was old enough to know what was going on. My gods have destroyed what power I would have had! When I was a child they came together and ~~[illegible]~~ said, this boy, this man, will fuck and sleep with other boys and men.

And this proclamation to me is pure evil. I will kill my gods when I get the chance. I will kill your gods too and even you when I get the chance.
